Craft:

Make a Traffic Light from Kids Craft Site

TRAFFIC LIGHT PAPER CRAFT

AGE: 2+

TIME: 20 MINUTES

Materials:

- Black construction paper
- Red construction paper
- Yellow construction paper
- Green construction paper
- Scissors
- Glue
- A jar lid
- Crayon or colored pencil

Directions:

1. Cut a large rectangle out of a piece of black construction paper. Ours measured 6" wide by 10" long. *Teacher Tip:* If doing the craft with a class, you could also just fold the black construction paper in half lengthwise and get two traffic light bases out of one page to save on construction paper.
2. Trace a circle using the jar lid on the red, yellow, and green construction paper.
3. Cut out each circle.
4. Glue the circles to the black rectangle with red on top, yellow in the middle, and green on the bottom.

Craft: Shoe Box School Bus from Craftulate

Secret Word:

Parent Corner

These are the guidelines currently in effect for childcare centers. I thought you might find this informative. We are working towards implementing the most effective procedures for the safety of our students. We plan to open on schedule in August.
